

# Open your garden with the National Garden Scheme...

...and help us to give someone a hand to  
hold in their hour of need

Founded in 1927, the National Garden Scheme is the most significant charitable funder of nursing in the country, raising over £50 million so far. Our gardens raise impressive amounts of money through admissions, teas and cake.

Our President Mary Berry says, "Welcoming visitors to your garden and raising funds for the National Garden Scheme is something we have done for many years. It gives such enjoyment and it is very rewarding to share your garden with others."

So if you think your garden has quality, character and interest, why not share it and help our fundraising. Our army of friendly and helpful volunteers all over England and Wales will actively support you.
